WILL HAVE ASSISTANTS.
SAN FRANCISCO, September 17.— Four Federal physicians have receiv- ed orders to assist Blue in handling his work in connection with the plague outbreak here.

OTTAWA, September 17.—Sir Wil- fred Laurier and Commissioner Ishih conferred yesterday over the Japanese situation on the Pacific coast and the question of Japanese immigration into Canada. Commissioner Ishih admitted that the spirit of the agreement entered into with Canada by Japan for the restriction of the emigration of labor- ers to Canada to a small number a year had been violated by the arrival of so many Japanese laborers from Honolulu.

While making this admission he stat- ed that any amendment of the treaty between Great Britain and Japan, to which Canada is a consenting party, to put a stop to the Japanese immigration from Hawaii would be difficult to se- cure.

BLACK HUNDRED THUGS.
ODESSA, Russia, September 17.—The Black Hundreds are pillaging again in the Jewish quarters of the city. Two Jews, who resisted the pillagers, were killed.

STAY IN MOROCCO.
CASABLANCA, September 17.—Follow- ing the conclusion of the treaty of peace between the allied forces and the Moorish insurgents the French and Spanish troops now in Morocco will be distributed among the seaports for the purpose of policing the country.

ROOT RETURNS TO MULDOON'S.
UTICA, August 31.—Secretary of State Root, who was summoned to Clinton to attend the funeral of his brother, Prof. Owen Root of Hamilton College, returned to Muldoon's train- ing retreat on the Hudson yesterday afternoon. The Secretary appeared to be feeling well and said he was look- ing forward to his trip to Mexico the latter part of next month with great anticipation.

While in Utica Secretary Root call- ed upon Representative Sherman, who took up with him the matter of the removal to the United States of the body of Ray Poole, a prominent young resident of this city who died in Hon- olulu two weeks ago, and whose body must remain interred in that coun- try five years unless the State Depart- ment at Washington is able to have the Honduran government suspend the stringent regulations.

MOVE FOR PEACE IS SUCCESSFUL

ROOSEVELT'S PLAN TO SETTLE CENTRAL AMERICAN TROUBLES IS A GO.

WASHINGTON, Sept. 1.—Acting Secretary Adeo has been informed that the provisional government of Honduras and the government of Guatemala have accepted President Roosevelt's proposition to adjust all Central American issues by peaceful means. The Honduran president's acceptance was quite as hearty as any of the others—a fact that gave satisfaction to the State Department and to the Mexican charge, Senor Godoy, who has been indefatigable in his efforts to bring the matter to a conclusion. The acceptance was along general lines. Had the Central American executives shown a disposition to be technical and to insist upon discussing in their notes the limitations to be placed upon the projected conference the work of the intermediaries would have been much more difficult.

The action of Guatemala showed that the Central American republics are a unit for the proposed peace negotiations, and removes the last remain- ing doubt as to the success of the pre- liminary negotiations.

Senor Godoy, the Mexican charge here, called at the State Department today to exchange felicitations with

Acting Secretary Adeo over the suc- cessful outcome of their efforts to ar- range for a peaceful settlement of the differences between the Central American republics. It appears that the presidents of the Central American governments communicated to Presi- dent Diaz of Mexico notes of accept- ance and thanks similar in general terms to those sent to President Roose- velt and published yesterday.

Mr. Goody is now in communication with his own government relative to the further proceedings, and it is ex- pected that next Tuesday he will be in a position to join with Acting Secre- tary Adeo in framing something in the nature of a specific invitation to the five presidents to send delegates to a general conference, where, it is hoped that an ironclad treaty will be drawn permanently binding the parties to re- sort only to peaceful means in settling future disputes.

KAISER, WILL TREAT.
BERLIN, August 31.—The kaiser's experience the other day, when he fell from his horse during the Han- over maneuvers, entailed a quaint, self imposed penalty.

It appears to have been a custom dating from the time of Frederick the Great, that an officer unhorsed during a parade must set up for his comrades a copious quantity of a German drink called bowle, which is a species of hock up. The kaiser apparently re- called the custom almost before he touched the ground, for his first words to his aid were:

"This will be a costly amusement! I have to pay for a glass of bowle to every man in the army corps." It is understood that the kaiser is going to pay the score.
